Dr. Mr. Rybicki:

Attached are two more PNOK privacy waivers not previously submitted because the case was already in litigation. They are now provided, even though the cases are part of the POW/MIA "Vietnam War PNOK "YES" Casualty List Names of Family Members" who authorized the release of all information to the public on their unreturned family member; This Because the CIA claims they cannot identify a POW or MIA because someone else with the same name that was also a POW/MIA could possibly.

I hope the included/attached information is helpful to the CIA in their pursuit of POW/MIA documents requested.

The military rank may be different on present records of POW/MIAs as opposed to wartime records due to some POW/MIAs being promoted under POW/MIA status.

The Two additional POW/MIAs are:

**Col. John Francis O'Grady, USAF**

Loss Location: Vietnam	Incident Date: 10 April, 1967
SS: 122-48-0862	
Aircraft: F-105 D	DOB: 30 August, 1929

**LT. James Kelly Patterson, USN (03)**

Loss Location: N. Vietnam	Incident Date 19 May 1967
Service # 669405	SS: 573-52-7521
Aircraft: A6A	DOB: 14 July, 1940

Thank you.

Sincerely,
